Vella Nest Floral

FRESH AND SILK 2025 COLLECTION

We work with both, fresh and silk flowers!

ABOUT

At Vella Nest Floral, we specialize in both fresh and silk flowers! Silk flowers offer a fantastic alternative to 100% fresh arrangements, and the best part? They are available for rent, helping you save money and stay within your wedding budget while still looking equally beautiful and lush!

Our flowers feel real to the touch! We carefully hand-select every flower and stem for our designs, sourcing them from top-quality silk floral suppliers. Plus, your favorite blooms are available all year round!

HOW IT WORKS

We operate just like a traditional florist. Every arrangement is tailored to our clients' specifications and crafted in our studio before your special day.

We offer delivery and setup services to ensure your floral displays look breathtaking, and we return afterward to handle the teardown once your event concludes.

BLUSH ROMANTIC COLLECTION

The Blush Romantic exudes romance and elegance! This breathtaking and refined design is entirely one-of-a-kind, unlike any we've crafted before. The tall and short centerpieces feature the finest quality real-to-touch silk flowers, beautifully paired with fresh blooms and greenery, resulting in a naturally effortless look. This collection radiates pure class and grandeur, making it a true showstopper.
